

FBC Worship Ministry

Purpose

The purpose of the worship ministry at FBC Ironton is to lead the congregation to exalt God in worship and to help them be equipped in the Gospel by promoting Christ-centered, Gospel-focused worship services. It is our desire that our services be led by faithful members who are seeking to exercise their gifts for the glory of God and for the building up of the Church.

Members of the FBC Worship Team are expected to...

1. *Be followers of Jesus Christ*
2. *Be active members of the Church*
 - Since serving with the worship team is a type of leadership position, those involved should be active members of FBC Ironton.
3. *Exhibit regular participation in both corporate worship and Bible study (Sunday School / Equip Classes)*
 - Since corporate worship and Bible study are both vital to a Christian's growth and discipleship, those serving on the worship team should be actively involved in these aspects of Church life.
4. *Make every effort to attend regularly scheduled practices*
 - We expect our team members to make weekly practices a priority. However, we understand that occasionally an individual will have to miss practice for various reasons.
